Introduction

Nereja Enterprises Limited is a leading construction and renovation company based in Kenya, specializing in building construction, renovation, fabrication and installation of aluminium windows and doors, and branding. With extensive experience, we handle diverse projects, ranging from small residential renovations to large-scale commercial and residential developments, for both private and public sector clients across Kenya. Our dedicated team of experienced engineers, project managers, and support staff ensures comprehensive, high-quality service delivery on every project. We pride ourselves on tailoring our services to meet each client's specific needs and providing additional resources and expertise for both new and existing projects.

Background

Established in 2006, Nereja Enterprises Limited is a rapidly growing construction company registered under the Companies Act of Kenya. We are actively involved in general construction and renovation and are registered with the Ministry of Roads as a road contractor. Our commitment to quality and client satisfaction has fueled our growth and established us as a trusted partner in the construction industry.
